Councilmen- Larry Wayne Smith, Heath Hahn, Jerry Jordan, and Kelly Brattain  
Town Clerk-Bobbie Kay Thompson  
Zoning Enforcement Officer-Robbie Foxx  
Guest-Jim and Joyce Laverne, Weekly Post, and five residents.

Mayor Quick welcomed everyone to January 11, 2010, meeting. Invocation was by Jerry Jordan.

Motion # 609 Council member Smith made motion to approve the January agenda. Council member Jordan seconded the motion which was approved by vote.

Motion # 610 Council member Jordan made a motion to approve the minutes of the December meeting. Council member Smith seconded the motion. Motion was unanimously approved by vote.

**Department Reports:**

Finance-Council member Hahn gave the December financial report.

Fire Department-no report

Police Report-Council member Smith reported several homes in the Town have been broken in. A couple people have been arrested in Cabarrus County and the Sheriff thinks they may be connected to crimes committed here.

Street Maintenance-no report

Utilities-no report

Planning Board Report-Council member Brattain said they met last week, but hopefully will have some information on people willing to serve on the Board of Adjustment by the next Town Council meeting.

Motion # 611 Council member Smith made motion that the Town approved all existing contracts. Council member Hahn seconded the motion. Motion was approved by vote.

Motion # 612 Council member Brattain made motion that the Red Cross Planning Board meet on the first Monday night of each month, and the Red Cross Town Council meet on the second Monday night of the month. All meetings will be held at the Town Hall at 7:00 PM.

Tom Staples addressed the Town Council with concerns about the Town adopting Jett Drive. He states there are seven houses on this road which is 2/10 miles long. Before any decision can be made more information will be required.

Mayor Quick stated since we are beginning a new year the Council should decide if any changes should be made concerning the responsibilities of the council members.

Motion # 613 Council member Smith made motion to continue the offices as they are.

Council member Brattain seconded the motion. Motion was unanimously approved by vote.

Comments from the public:

Mrs. Laverne asked why Red Cross did not join Locust, Stanfield and Oakboro when they discussed recycling in their towns. Mayor Quick stated we were not asked to meet with them, however we have discussed with Waste Management a plan they are working on.

Comments from the Council:

The Mayor has been discussing with Michael Sandy, County Zoning and Planning Manager, to consider handling our sub division since he is handling our permitting. The Council agreed for the Mayor to continue this discussion with Mr. Sandy. The Mayor will bring more information on this matter at the February meeting.

Motion # 614 Council member Brattain made motion to close the meeting. Council member Hahn seconded the motion, which was approved by vote.

Planning Board Report- Lou Eubanks reported for the planning board. She said they had been going over the amendments. They have made a few changes, which is mostly in the wording. They have not finished and have more work to do.

Mayor Quick spoke with Michael Sandy and since they are doing our permits they can also do our small sub divisions. Major sub divisions the planning board will review these and the Town will have the final sign off. The Mayor hopes to have a contract with the County by our next Town Council Meeting.

Council member Smith said Carol Rhea states Jet Drive does not have to be brought up to the new sub division ordinances, if the Town decides to adopt it. The residents have requested that the road just be gravel. Using gravel only does not qualify to use ~~Power~~ Bill money, but would come out of the general funds. Ted Coble gave an estimate of widening the road to 18 feet and adding a cul-de-sac and put pipes at the driveways at the two houses at the end. The road will need to be surveyed which cost between \$700.00 to \$1,000.00. Total cost for these changes would be \$7,800.00. At Tom Staples house the

road is 15 feet wide and other places it is smaller. There are two other roads in the Town that are in the same situation. Since only two council members are present, the council decided to hold a workshop meeting on February 22, 2010, at the town hall to discuss this issue.

The council decided not to participate in the Stanly County golf outing sponsored but the Stanly County Economic Development Commission.

Planning Board Report-Mayor Quick gave the report for council member Brattain who was unable to attend the meeting due to illness. The Mayor stated that the two Visa debit cards in the drawings were won by Harold Little and Blane Tucker. The Mayor said the presentation was very good but the attendance wasn't well attended. The residents need to be involved when we have meetings of this importance's.

Mayor Quick received an e-mail from Carol Rhea that she has exceeded the budget for her expenses. She thinks her time needed will not exceed 80 hours or \$5,000.00. She and Robbie Foxx are also reviewing the zoning codes. After much discussing, it was decided that there is sufficient money in the budget to cover the additional expenses for the remainder of this year. The Council decided to give Mrs. Rhea the authority to continue the land use study and extend her contract for the time she requested.

Motion # 620 The Mayor stated that Michael Sandy will handle any large sub-division, more than 3 lots, for the Town. Any expenses involved in this procedure they will receive the fees.

Council member Smith made the motion we let Michael Sandy / Stanly County handle our request for large sub division. Council member Jordan seconded the motion which was approved by vote.

Next on the agenda, Council member Smith brought up the discussion of Jet Drive which had been tabled earlier. He said to prepare the 2/10 mile of road and add the cul de sac at the end of the street, add gravel and pave the street to meet the States approval would cost \$80,000.00. He feels there are other issues in the Town that need propriety over Jet Drive, one being the road into the Town Hall. With only a little over \$14,000.00 in the Power Bill Account, we need to wait several years for the account to accumulate before using it. The other members of the Council agreed with council member Smith. Therefore, the issue of Jet Drive was tabled to a much later date. *Powell*

Comments from the Council:

The Council discussed several options what the Town should do about waste collection next year. Oakboro and Locust have gone with another company. It was decided to have a workshop meeting on April 26, 1020, at 6:00 in the Town Hall.

Someone asked if the land that was returned to J D and Violet be put back into pasture or should Kelly Shaver continue to mow it? This will be discussed with J D at a later date.

The Town Council has been required to attend a meeting on ethics which is mandated by the State of North Carolina for all elected officials. The Town can order books a \$30.00 each or order an Ethics Webinar which is viewable for 60 days from the date of purchase at a cost of \$95.00.

With no further discussion Mayor Quick asked for a motion to close the meeting.

Kelly Brattain reporting with the prior approval to increase the funds for the planning board council member Brattain said they have received a service agreement from Carol Rhea to complete the work she has started and will finish the work on the land use plan and the wording in the amendments. Mark Tucker and Rodney Plowman have agreed to serve on the planning board. They will replace Lou Eubanks, who has served eight years and Marion Hubbard. Ms. Eubanks and Mr. Hubbard will continue to serve as alternators.

Council member Jordan presented the first reading of the 2010-2011 Budget. There is still concern with garbage pickup and recycling. The total budget for the year is \$191,000, which will be a decrease from the prior budget of 10 to 11 percent. These changes were made after reviewing the present figures. Decreases in the 2010-2011 Budget will be found in fire

protection from \$27,240 to \$27,000. The fuel surcharge has had a big impact in the amount paid for waste collection in the 2010-2011 budget for this service remains at \$43,000, same as the previous year. Police protection has increased from \$15,000 to \$18,000 for the 2010-2011 Budget. However, the General Funds decreased from \$39, 560 to \$26,700. Council member Jordan believes the zoning fund should be decrease from \$16,000 to \$14,000 since Carol Rhea has completed most of her work on the land use plan .Council member Jordan believes this can be done without increasing the tax rate from .16 per \$100 valuation which as been the tax rate for the Town since the incorporation in August, 1992.The Council will have a Public Hearing at the June Town Council Meeting to vote on the 2010- 2011 Budget. Council member Jordan we have a conservative budget, since we can project how much money will be coming in, but hopefully we will be pleasantly surprised as we have been in the past. The Council also discussed securing off site location for recycle items. He has discussed with other towns on their positions on waste disposable and recycling. Also grant money may be available for this project. A workshop maybe needed when additional information is received on waste collection and recycling.
